Re: U.S. EPA Region 6
CERCLA Docket No. 06-01-20
San Mateo Creek Basin – Central Study Area
Remedial Investigation/Feasibility Study
Revised Identification of Candidate Technologies Memorandum for Treatability Studies

Mark:

As required in the “Administrative Settlement Agreement and Order on Consent (AOC) for Remedial Investigation/Feasibility Study (RI/FS)” for the San Mateo Creek Basin Groundwater Site Central Study Area (SMCB CSA) Appendix C “Statement of Work” (SOW) Section IV Work To Be Performed, the Working Group hereby submits the revised Identification of Candidate Technologies Memorandum for Treatability Studies and the revised Working Group responses to comments (RtCs) on the draft Identification of Candidate Technologies Memorandum for Treatability Studies.

If you have questions or comments, please contact me at (775) 397-7215, or at dlattin@barrick.com.

Sincerely,

Daniel Lattin, P.E.
Project Management Committee Chair
San Mateo Creek Basin Central Study Area Working Group
